Individual Pilot Scripts

The 20-minute Individual Desk Coordinate Phase, one script per pilot persona

St. Mary's Cathedral Council 15295

How to use this packet: work through each step in order. Tick the box when the step is done and the result matches. Write anything surprising in the Notes field under the step. The fields can be filled in on screen in any PDF reader, or on paper.

Pilot logins (the password is on the facilitator's board)

Persona	Login	Seat
Grand Knight	gk_user@stmarys.org	Grand Knight (GK User)
Financial Secretary	fs_user@stmarys.org	Financial Secretary (FS User)
Treasurer	treasurer_user@stmarys.org	Treasurer (Treasurer User)
Deputy Grand Knight	dgk_user@stmarys.org	Deputy Grand Knight (DGK User)
Council Historian	historian_user@stmarys.org	Council Historian (Historian User)
Member Alpha	member_alpha@stmarys.org	Member (Member Alpha)
Member Beta	member_beta@stmarys.org	Member (Member Beta)

The 105-minute session: the gavel strikes at 6:15 PM

Clock	Minutes	Phase
6:15 - 6:20 PM	5	Introduction: the gavel strikes at 6:15 PM. The facilitator welcomes the room, hands out the scripts, and every persona signs in to the web portal on his laptop
6:20 - 6:40 PM	20	Individual Desk Coordinate Phase (mobile and web): the officers work their scripts (INDIVIDUAL_PILOT_SCRIPTS.pdf) on the laptops; Member Alpha and Member Beta work theirs on the phone app; no step waits for another persona

6:40 - 7:20 PM	40	Synchronized Group Workflow (web only): the three seated flows of GROUP_CROSS_DESK_SCRIPT.pdf - the expense pipeline, the charity request and the Flagged Hours Review gate - each persona at his own laptop
7:20 - 7:40 PM	20	Open Exploration: each persona opens the other folders of his own desk and tries the work his office would do next month; the facilitator answers questions
7:40 - 8:00 PM	20	Listening Session: each persona fills in the Attendee Feedback Questionnaire, then the facilitator hears every persona in turn and writes down what he says
	105	**Total**

The pilot data: the Parish Parking Event (October 10-31, 2026, six Lot attendants shifts, $400.00 collected the first weekend), expense reports 14-23 waiting on the officers' desks, charity requests on the vetting board, three prayer intentions and two volunteer time entries held for review. Reloading the web portal restores it in the browser; on a phone, clear the app's data. The individual and group phases run on the same load: the group flows use the seeded records the individual scripts leave untouched.

Compiled 2026-10-20.

Grand Knight · gk_user@stmarys.org

Day in the Life of the Grand Knight

It is the week after the first weekend of the Parish Parking Event. The Grand Knight gives the final release on expense reports before the council pays them, keeps watch over the charity requests in vetting, and checks a point of order before the October meeting. Everything he needs is a drawer on the Grand Knight Desk; he never leaves the Active Desks row.

Device: Laptop (web portal)

☐ **Step 1.** Go to: **Web portal sign-in page**

Sign in as gk_user@stmarys.org with the pilot password on the facilitator's board.

Expected result: The Active Desks row opens on Home. Its tabs include Grand Knight Desk.

NOTES

☐ **Step 2.** Go to: **Active Desks > Grand Knight Desk > Approved Expenses**

Click the Approved Expenses folder at the top of the left filing spine (it has a red border) and read the sheets on the Desk Blotter.

Expected result: Reports 19 (Historian User, Aaron Brothers, $89.99) and 23 (Member Alpha, Fred Meyer, $41.85) carry the payment request and the Treasurer's coding.

NOTES

☐ **Step 3.** Go to: **Active Desks > Grand Knight Desk > Approved Expenses**

Click Final Release for Payment on report 19, then click [■ Back to Desk Blotter].

Expected result: The row reads "Released to the Treasurer". Report 19 is Approved and waits for the Treasurer's check.

NOTES

☐ **Step 4.** Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

Click the folder on the left filing spine and read the Triage queue on the Desk Blotter.

Expected result: Seven requests: four Submitted (including Northeast Portland Senior Meals and Cathedral Coat Closet), two Claimed by Trustee and one Advanced. Fold it away again.

NOTES

☐ **Step 5.** Go to: **Active Desks > Grand Knight Desk > Constitutional Advisor Panels**

Open the drawer, type "How much notice does a motion need?" and click Ask.

Expected result: The answer names its Source Authority. Click [■ Back to Desk Blotter].

NOTES

☐ **Step 6.** Go to: **Active Desks > Grand Knight Desk > Connected Councils**

Open the drawer and read the nearby councils.

Expected result: St. Anthony Council is an active affiliate; Holy Redeemer's invite waits for your answer under Affiliation Invites.

NOTES

☐ **Step 7.** Go to: **Active Desks > Home**

Read the ■ Community Prayer Request List card and click [■ Praying Hands] on Member Beta's intention.

Expected result: The card lists five open intentions. The count on Beta's intention goes up by one and the button greys out for today.

NOTES

Financial Secretary · fs_user@stmarys.org

Day in the Life of the Financial Secretary

Monday evening after the parking weekend. New expense reports came in with the cones and the cash box, and two older September sheets are still waiting. The Financial Secretary checks each receipt and issues the payment request, the first of the three signatures. He also keeps the Trustees' audit, the charity checkbook and the parish's share of the fundraisers ready, each on his desk.

Device: Laptop (web portal)

☐ **Step 1.** Go to: **Web portal sign-in page**

Sign in as fs_user@stmarys.org with the pilot password.

Expected result: The Active Desks row shows the Financial Secretary Desk tab.

NOTES

☐ **Step 2.** Go to: **Active Desks > Financial Secretary Desk > Payment Requests**

Click the Payment Requests folder at the top of the left filing spine (it has a red border) and read the sheets on the Desk Blotter.

Expected result: Reports 14 (Member Alpha, Home Depot, $84.97), 15 (Member Beta, Office Depot, $32.48), 20 (Member Alpha, Costco, $27.60) and 21 (Member Beta, Staples, $54.15) wait for the payment request.

NOTES

☐ **Step 3.** Go to: **Active Desks > Financial Secretary Desk > Payment Requests**

Click Verify & Sign Expense on report 14, then on report 20. Click [■ Back to Desk Blotter].

Expected result: Each row reads "Payment request issued" and moves to the Treasurer Desk.

NOTES

☐ **Step 4.** Go to: **Active Desks > Financial Secretary Desk > Open the auditing queue**

Find report 15. Type "Please add the receipt photo" in Reason for returning (required), then click Return to member.

Expected result: Report 15 goes back to Member Beta as a Draft with your reason. Its signatures are cleared.

NOTES

☐ **Step 5.** Go to: **Active Desks > Financial Secretary Desk > Semiannual Audit Form 1295 Center**

Open the drawer and choose the July-December 2026 period.

Expected result: The Trustee Audit Desk opens in the drawer with its five steps; step 5 offers the Form 1295 report as a DRAFT until the Trustees sign.

NOTES

☐ **Step 6.** Go to: **Active Desks > Financial Secretary Desk > Charity Check Issuance Console**

Open the drawer and read Approved requests awaiting payment.

Expected result: The panel is empty until the council votes a grant at its Monthly meeting.

NOTES

☐ **Step 7.** Go to: **Active Desks > Financial Secretary Desk > Church Disbursement Requests**

Open the Church Disbursement Requests drawer.

Expected result: No request is waiting on your laptop. In daily use the Treasurer's Church Disbursement Requests land on this card, and you record the check that pays each one.

NOTES

Treasurer · treasurer_user@stmarys.org

Day in the Life of the Treasurer

The Treasurer keeps the council's books honest. Every report that carries the payment request comes to him to be charged to a line of the approved 2026-2027 budget and to a general ledger account. Before he codes anything he reviews the budget sheet line by line, so he knows which lines still have room. He writes the checks for released reports, and he works out the parish's share of each fundraiser. Nothing on his script waits for another officer.

Device: Laptop (web portal)

☐ **Step 1.** Go to: **Web portal sign-in page**

Sign in as treasurer_user@stmarys.org with the pilot password.

Expected result: The Active Desks row shows the Treasurer Desk tab.

NOTES

☐ **Step 2.** Go to: **Active Desks > Treasurer Desk > Annual Budget vs Actuals Ledger Grid**

Open the drawer. Read Budgeted vs. Current Actual Spend for each concluded event and meeting.

Expected result: Each row shows its budgeted amount, the actual spend and the variance for fraternal year 2026-2027.

NOTES

☐ **Step 3.** Go to: **Active Desks > Treasurer Desk > Annual Budget vs Actuals Ledger Grid**

In the ■ Budget Allocation & YOY Variance Analyzer, find Miscellaneous Others and Monthly Council Meetings. Write the room left on each line in Notes.

Expected result: The analyzer lists each approved line against 2025-2026, with the total against the spending ceiling. Click [■ Back to Desk Blotter].

NOTES

☐ **Step 4.** Go to: **Active Desks > Treasurer Desk > Ledger Line Coder**

Click the Ledger Line Coder folder at the top of the left filing spine (it has a red border) and read the sheets on the Desk Blotter.

Expected result: Reports 17 (Member Alpha, FedEx Office, $118.50), 18 (Member Beta, Safeway, $54.75) and 22 (Historian User, Walgreens, $63.40) carry FS User's payment request.

NOTES

☐ **Step 5.** Go to: **Active Desks > Treasurer Desk > Ledger Line Coder**

On report 17 choose Miscellaneous Others in Assign Ledger Budget Line Item and Event Operational Costs in Assign General Ledger Account, then click Categorize & Lock Expense. Code report 18 to Monthly Council Meetings and Council Operational Costs the same way.

Expected result: Both rows read "Coded to the ledger" and move to the Grand Knight Desk.

NOTES

☐ **Step 6.** Go to: **Active Desks > Treasurer Desk > Bank Statement Match-Window**

Open the drawer and choose any bank statement CSV the facilitator gives you. Click Run electronic audit.

Expected result: The window reports how many statement rows matched the ledger and lists the unmatched ones.

NOTES

☐ **Step 7.** Go to: **Active Desks > Treasurer Desk > Expense Report (ER) Settlement**

Report 16 (Historian User, Michaels, $46.20) is already in the queue: the Grand Knight released it on October 8. Select it, type check number 1201 and click Record Payment Made by Check.

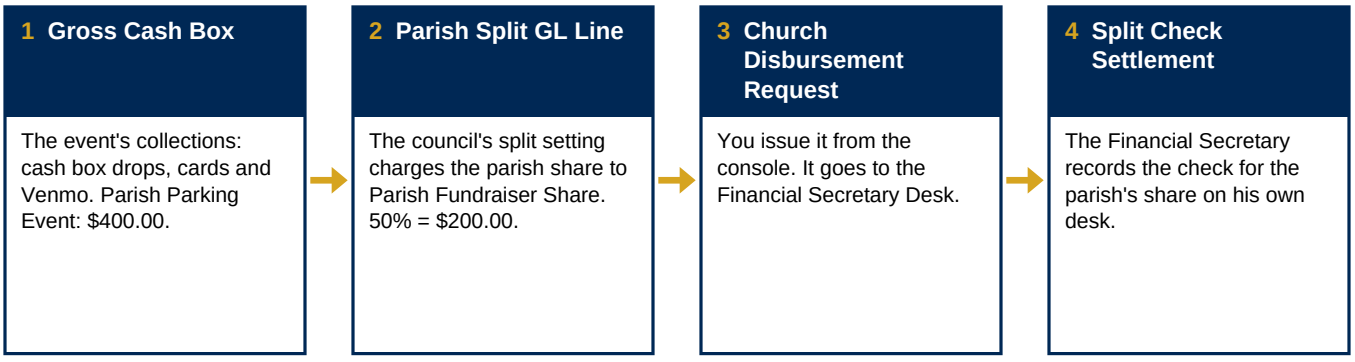

Expected result: Report 16 is Reimbursed and check 1201 appears in the payments-made history. You did not wait for anyone.

NOTES

Chapter 2 - The Parish Revenue Split Console

The parking lot belongs to the cathedral, so the parish receives a share of what the Parish Parking Event collects. St. Mary's 50% agreement with the parish is already switched on in the council's settings and charged to the Parish Fundraiser Share line, so you change no setting. You check the arithmetic and send the parish's share to the Financial Secretary as a Church Disbursement Request.

Graphical Ledger Flow Diagram: the Revenue Split lifecycle

Training notes: the engine keeps the books

The engine keeps the budget for you. You code each expense sheet once: one budget line and one general ledger account. The Annual Budget vs Actuals Ledger Grid and the YOY analyzer work out every actual from that coding. You never copy an amount into a budget sheet by hand, so the same money is never entered twice.

The Revenue Split Console works out the parish share for you. It reads the event's collections, the split percentage and what was already requested. You check the arithmetic; you do not type the share.

☐ **Step 8.** Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console**

Read the ■ Parish Fundraiser Revenue Split Console card at the foot of the desk.

Expected result: The split is already on: the card names Parish Fundraiser Share at 50%. The Parish Parking Event row shows Collections $400.00 (the first weekend's cash box and Venmo gifts).

NOTES

☐ **Step 9.** Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console**

Read the Parish Parking Event row and write the calculation in Notes: Collections x Parish share = the parish's share.

Expected result: The card names Parish Fundraiser Share at 50%. Collections $400.00, Parish share $200.00 ($400.00 x 50%), Already requested $0.00, To request $200.00.

NOTES

☐ **Step 10.** Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console**

Click [■ Issue Church Disbursement Request] on the Parish Parking Event row.

Expected result: A notice reads "Church Disbursement Request #1 for $200.00 is on the Financial Secretary Desk." The row now shows Already requested $200.00 and To request $0.00, and the request is listed as Pending.

NOTES

Deputy Grand Knight · dgk_user@stmarys.org

Day in the Life of the Deputy Grand Knight

The Deputy Grand Knight holds every grant of the Grand Knight's seat and looks after the council's service-hour record. Two entries were held for leadership review because they crossed the council's limits. He talks with each brother before he decides, because a cleared entry counts toward every total and a rejected one never does. He decides Beta's entry now and Alpha's in group Flow 3.

Device: Laptop (web portal)

☐ **Step 1.** Go to: **Web portal sign-in page**

Sign in as dgk_user@stmarys.org with the pilot password.

Expected result: The Active Desks row shows the Grand Knight Desk.

NOTES

☐ **Step 2.** Go to: **Active Desks > Grand Knight Desk > Flagged Hours Review**

Click the Flagged Hours Review folder at the top of the left filing spine (it has a red border) and read both entries on the Desk Blotter.

Expected result: Member Alpha: 6.5 hours on Parish Parking Event - Lot attendants - Saturday, note "Stayed to restripe the overflow lot". Member Beta: 6 hours of Ushering, note "Ushered all three Sunday Masses".

NOTES

☐ **Step 3.** Go to: **Active Desks > Grand Knight Desk > Flagged Hours Review**

On Member Beta's entry click Approve & Add to Time Log.

Expected result: The entry leaves the desk. Beta's 6 hours now count in the Council Dashboard and on the Executive Dashboard.

NOTES

☐ **Step 4.** Go to: **Active Desks > Grand Knight Desk > Flagged Hours Review**

Read Member Alpha's entry again. Do not decide it now.

Expected result: It stays on the desk. You decide it in group Flow 3.

NOTES

☐ **Step 5.** Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

Open the drawer and read the pooled requests. Do not claim one in this phase.

Expected result: The Deputy Grand Knight sees the same board as the Grand Knight and may claim requests.

NOTES

Council Historian · historian_user@stmarys.org

Day in the Life of the Council Historian

The Council Historian is appointed by the Grand Knight to keep the council's annals. He files the parking weekend's photos into the Drive media vault and writes the month's bulletin.

Device: Laptop (web portal)

☐ **Step 1.** Go to: **Web portal sign-in page**

Sign in as historian_user@stmarys.org with the pilot password.

Expected result: The Active Desks row shows the Historian Desk tab.

NOTES

☐ **Step 2.** Go to: **Active Desks > Historian Desk > Google Drive Media Gallery Sync Board**

Open the drawer. Under Upload Photos choose Past event and the Parish Parking Event, add one photo and upload it.

Expected result: The photo appears in the gallery mosaic under the Parish Parking Event.

NOTES

☐ **Step 3.** Go to: **Active Desks > Historian Desk > Google Drive Media Gallery Sync Board**

Under Find photos pick the Parish Parking Event, then save the selection as a Smart Album named "Parking 2026".

Expected result: The album is listed under Smart Albums. Click [■ Back to Desk Blotter].

NOTES

☐ **Step 4.** Go to: **Active Desks > Historian Desk > Monthly Newsletters**

In the Monthly Newsletters drawer, write two sentences about the first parking weekend as this month's bulletin and save it.

Expected result: The bulletin is saved for October 2026.

NOTES

Member Alpha · member_alpha@stmarys.org

Day in the Life of the Member Alpha

Member Alpha volunteers as a lot attendant on the parking weekends. Before the first car arrives he opens the gate: he sets the event, the donation type and the $25.00 standard rate on his phone, then tells Member Beta "gate open" so Beta starts his own phone the same way. After that the AMOUNT box fills in with $25.00. Cars pay the parking rate by Venmo or in cash, and at the end of the shift he records the cash box as one consolidated drop and concludes the session, which locks the logs so the Treasurer can count the cash box against them. Then he logs his planning time and files the receipt for the chalk he bought, all on his phone.

Device: Phone app

☐ **Step 1.** Go to: **Phone app sign-in screen**

Sign in as member_alpha@stmarys.org with the pilot password.

Expected result: The tab bar shows Home, Mtgs, Signup, Report and Collect.

NOTES

☐ **Step 2.** Go to: **Phone > Collect tab > Start collecting for event**

This card is your on-device configuration drawer. Nothing is pre-selected. Choose the Parish Parking Event in EVENT and Parking in DONATION TYPE yourself, type 25.00 in STANDARD RATE (OPTIONAL), and tap Start.

Expected result: The ACCEPTING DONATIONS card shows the event and "Session setup: $25.00 · Parking". Say "Gate open: Parish Parking Event, Parking, 25 dollars" so Member Beta can start.

NOTES

☐ **Step 3.** Go to: **Phone > Collect tab**

Under How is the donor giving? tap the Venmo tile yourself. Let the "donor" scan the full-screen code, then close it. The AMOUNT box already shows 25.00 from your setup. Do not type. Tap Record donation.

Expected result: A message reads "Recorded $25.00 by Venmo for Parish Parking Event". You typed nothing for this gift.

NOTES

☐ **Step 4.** Go to: **Phone > Collect tab**

The cash box drop. Count the cash box (use $180.00 for the pilot). Tap the Cash tile, type 180.00 in AMOUNT, type "Cash box drop - Saturday lot" in DESCRIPTION, and tap Record donation.

Expected result: One consolidated $180.00 cash donation is recorded for the event. The ACCEPTING DONATIONS card is still open.

NOTES

☐ **Step 5.** Go to: **Phone > Collect tab > [■ Conclude Event Session & Lock Logs]**

Close the gate. On the ACCEPTING DONATIONS card tap [■ Conclude Event Session & Lock Logs]. Read the warning, then tap Yes, conclude & lock.

Expected result: A message reads "Parish Parking Event is concluded and its logs are locked. The Treasurer can now count the cash box." The phone leaves the intake session and nobody can add or change a donation for the event.

NOTES

☐ **Step 6.** Go to: **Phone > Report tab**

Under Tap an activity: 15 minutes per tap, tap the Planning tile four times (one hour). Drag the Slide to Log Hours bar at the bottom.

Expected result: Each tap shows "Queued +15 min · Planning". After the slide a message reads "Logged 1 h for today."

NOTES

☐ **Step 7.** Go to: **Phone > Home > My expense reports**

Tap New expense report. Under SPENT FOR choose Events and the Parish Parking Event. Tap Scan Paper Receipt and photograph the receipt. Type Dollar Tree in VENDOR NAME, tap Today, type 12.00 in AMOUNT and "Chalk for lot lane markings" in DESCRIPTION. Tap Submit for approval.

Expected result: The report is Submitted. It waits on the Financial Secretary Desk for the payment request.

NOTES

Member Beta · member_beta@stmarys.org · LARGE PRINT

Day in the Life of the Member Beta

Member Beta is a senior brother whose eyesight is fading. His profile opens the phone in the large text layout, and this handout is printed in large type. He works the parking shifts, ushers at Mass, and keeps an eye on his own expense reports. At the gate he waits for Member Alpha to open it, then copies Alpha's setup on his own phone.

Device: Phone app (large text layout), then laptop

☐ **Step 1.** Go to: **Phone app sign-in screen**

Sign in as member_beta@stmarys.org with the pilot password.

Expected result: The phone opens in the large text layout: big type and big buttons.

NOTES

☐ **Step 2.** Go to: **Phone > Collect tab > Start collecting for event**

Wait. Do nothing until Member Alpha says "Gate open". Then use his setup on your own phone: choose the Parish Parking Event in EVENT and Parking in DONATION TYPE, type 25.00 in STANDARD RATE (OPTIONAL) and tap Start.

Expected result: The ACCEPTING DONATIONS card shows the event and "Session setup: $25.00 · Parking". Your phone keeps its own records; Alpha's phone does not change yours.

NOTES

☐ **Step 3.** Go to: **Phone > Collect tab**

Tap the Venmo tile yourself and close the code after the scan. The AMOUNT box already shows 25.00. Do not type. Tap Record donation.

Expected result: The $25.00 Venmo donation appears under Recorded for this event. You typed nothing for this gift.

NOTES

☐ **Step 4.** Go to: **Phone > Report tab**

Under Tap an activity: 15 minutes per tap, tap the Ushering tile eight times (two hours). Drag the Slide to Log Hours bar at the bottom.

Expected result: A message reads "Logged 2 h for today."

NOTES

☐ **Step 5.** Go to: **Phone > Home > My expense reports**

Tap New expense report. Under SPENT FOR choose Events and the Parish Parking Event. Tap Scan Paper Receipt and photograph the receipt. Type Walgreens in VENDOR NAME, tap Today, type 6.49 in AMOUNT and "Batteries for the lot flashlights" in DESCRIPTION. Tap Submit for approval.

Expected result: The report is Submitted. Report 15 (Office Depot, $32.48) is listed too, still waiting for the Financial Secretary.

NOTES

☐ **Step 6.** Go to: **Web > Active Desks > Home**

Sign in on the laptop. Find your own intention on the ■ Community Prayer Request List card.

Expected result: Your intention for your eyes is on the card with the number of brothers praying for it.

NOTES

Appendix - Attendee Feedback Questionnaire

Fill in this form on screen or on paper and hand it to the facilitator. Rate each statement from 1 (disagree) to 5 (agree).

NAME (OPTIONAL)		PERSONA PLAYED	
DATE		OFFICE IN YOUR COUNCIL	

	1	2	3	4	5
1. The steps were easy to follow.	○	○	○	○	○
2. The screens used words I understand.	○	○	○	○	○
3. I found every module in a folder on my Active Desk, on the Member Actions Hub or on the phone tabs.	○	○	○	○	○
4. The expected results matched what I saw.	○	○	○	○	○
5. The approval steps match how our council handles money today.	○	○	○	○	○
6. I would use this platform for my office or my volunteering.	○	○	○	○	○

Which step was hardest, and why?

What did you expect to see that was missing?

Which words or labels were confusing?

What would stop your council from using the platform next month?

Anything else the team should know?
