Group Cross-Desk Script

The flows that pass work from desk to desk, played together

St. Mary's Cathedral Council 15295

How to use this packet: work through each step in order. Tick the box when the step is done and the result matches. Write anything surprising in the Notes field under the step. The fields can be filled in on screen in any PDF reader, or on paper.

Member Beta	member_beta@stmarys.org	Member (Member Beta)

The pilot data: the Parish Parking Event (October 10-31, 2026, six Lot attendants shifts), expense reports 14-19 waiting on the officers' desks, and two volunteer time entries held for review. Reloading the web portal restores it in the browser; on a phone, clear the app's data or reinstall it. Run the individual scripts and the group script on separate loads: both use the same reports.

Compiled 2026-10-11.

Before you start

Seat the seven personas around the table, each signed in on his own device. The facilitator reads each flow's context aloud; the persona named in bold at each step takes the keyboard while the room watches the projector. Play the flows in order: Flow 1 pays report 14, which Flow 2 and the individual scripts do not touch.

Flow 1 - An expense report from receipt to check

Day in the Life of the council at the table

Member Alpha bought cones and vests for the lot attendants (report 14). The council pays nothing until three different officers have signed: the Financial Secretary's written order, the Treasurer's ledger coding and the Grand Knight's final release. Then the Treasurer writes the check. Everyone watches the report move.

Device: Every persona's own device, the GK laptop on the projector

☐ **Step 1. Member Alpha** · Go to: **Finances > My Expense Reports**

Show report 14 and its status line.

Expected result: Report 14 is Submitted and waits for the written order.

NOTES

☐ **Step 2. FS User** · Go to: **Finances > FS Expense Audit**

Click Verify & Sign Expense on report 14.

Expected result: Report 14 leaves the FS desk.

NOTES

☐ **Step 3. Treasurer User** · Go to: **Finances > Treasurer Ledger Audit Desk**

Choose Miscellaneous Others and Event Operational Costs on report 14, then Categorize & Lock Expense.

Expected result: Report 14 leaves the Treasurer desk.

NOTES

☐ **Step 4. GK User** · Go to: **Finances > GK Expense Authorize**

Click Final Release for Payment on report 14.

Expected result: Report 14 is Approved and released to the Treasurer.

NOTES

☐ **Step 5. Treasurer User** · Go to: **Finances > Bulk Check Disbursements**

Pay report 14 with check number 1202 (Issue Disbursement Check).

Expected result: Report 14 is Reimbursed.

NOTES

☐ **Step 6. Member Alpha** · Go to: **Finances > My Expense Reports**

Refresh report 14.

Expected result: Report 14 shows Reimbursed with check 1202.

NOTES

Flow 2 - The approval guards

Day in the Life of the council at the table

The platform enforces the council's accounting controls. Nobody signs his own report, and the Grand Knight cannot give the final release on a report he already signed as Financial Secretary or Treasurer (the Collusion Guard). The group tries each shortcut and sees it refused.

Device: Every persona's own device, the GK laptop on the projector

☐ **Step 1. FS User** · Go to: **Finances > My Expense Reports**

File a small report of your own (any vendor, $5.00) and submit it.

Expected result: The report waits on the Financial Secretary Audit Desk.

NOTES

☐ **Step 2. FS User** · Go to: **Finances > FS Expense Audit**

Find your own report.

Expected result: The row reads "Your own report"; Verify & Sign Expense is not offered. Another officer must sign it.

NOTES

☐ **Step 3. FS User** · Go to: **Finances > Leadership Auditing Queue**

Return the report with the reason "Pilot test".

Expected result: The report goes back to Draft.

NOTES

☐ **Step 4. Treasurer User** · Go to: **Finances > Treasurer Ledger Audit Desk**

Read report 16 (Historian User).

Expected result: It waits for coding; the Treasurer may code it because he did not issue its written order.

NOTES

Flow 3 - Volunteer time held for review

Day in the Life of the council at the table

Service hours feed the council's Supreme reports, so the platform holds an entry that crosses the council's limits (more than 5.0 hours on one activity in a day, or more than 1.0 hour past a scheduled shift) until the Grand Knight, the Deputy Grand Knight or an Admin decides it.

Device: Every persona's own device, the GK laptop on the projector

☐ **Step 1. DGK User** · Go to: **Performance > Executive Dashboard**

Open the Volunteer Time Quarantine Desk.

Expected result: Member Alpha (6.5 hours, parking shift) and Member Beta (6 hours, Ushering) wait.

NOTES

☐ **Step 2. DGK User** · Go to: **Performance > Executive Dashboard**

Approve & Add to Time Log on Member Beta's entry.

Expected result: Beta's hours count from now on.

NOTES

☐ **Step 3. DGK User** · Go to: **Performance > Executive Dashboard**

Reject & Remove on Member Alpha's entry.

Expected result: Alpha's 6.5 hours never count.

NOTES

☐ **Step 4. Member Alpha** · Go to: **Phone > Report tab**

Report the Saturday shift again with 4 hours and tap Save time.

Expected result: The hours save directly; 4 hours is inside the shift and its 1.0-hour allowance.

NOTES

☐ **Step 5. Member Beta** · Go to: **Phone > Report tab**

Report 9 hours on the Sunday shift (October 11) and tap Save time.

Expected result: The phone says the hours were sent to leadership review, and the entry appears on the desk.

NOTES

Flow 4 - Check donations at the parking gate

Day in the Life of the council at the table

The Parish Parking Event raises money at the cathedral lot during the weekend Masses. Both members take checks at the gate on their phones; the officers see each one at once in Donations History.

Device: Every persona's own device, the GK laptop on the projector

☐ **Step 1. Member Alpha** · Go to: **Phone > Donate tab**

Start accepting for the Parish Parking Event and record a $20.00 check, number 1045.

Expected result: The check appears under Recorded for this event.

NOTES

☐ **Step 2. Member Beta** · Go to: **Phone > Donate tab**

Record a $25.00 check, number 2210, on the same event.

Expected result: Both phones show both checks under Recorded for this event.

NOTES

☐ **Step 3. FS User** · Go to: **Finances > Donations History**

Read the Parish Parking Event donations.

Expected result: Both checks are listed with their check numbers and the member who recorded each.

NOTES

☐ **Step 4. Member Alpha** · Go to: **Phone > Donate tab**

Tap Stop accepting - the event is over.

Expected result: The phone leaves the intake session.

NOTES

Flow 5 - The October business meeting

Day in the Life of the council at the table

The officers meet at the cathedral. The Grand Knight runs the Live Meeting Console from the laptop on the projector; members check in from their phones and follow the agenda.

Device: Every persona's own device, the GK laptop on the projector

☐ **Step 1. GK User** · Go to: **Governance > Live Meeting Console**

Choose the October Business Meeting.

Expected result: The welcome line names the elected chairs from their seats: Worthy Grand Knight GK User, Worthy Deputy Grand Knight DGK User and the other elected officers.

NOTES

☐ **Step 2. GK User** · Go to: **Governance > Live Meeting Console**

Push the first agenda line to the floor.

Expected result: The top bar shows the item and its countdown; every phone following the meeting shows the same clock.

NOTES

☐ **Step 3. Member Alpha** · Go to: **Phone > Mtgs tab**

Open the meeting and check in (GPS, or the meeting PIN the Grand Knight reads out).

Expected result: The roster on the console shows you checked in.

NOTES

☐ **Step 4. Historian User** · Go to: **Performance > Council History**

Write the day's diary entry about the meeting and click Save written entry.

Expected result: The entry is saved for today.

NOTES

Appendix - Attendee Feedback Questionnaire

Fill in this form on screen or on paper and hand it to the facilitator. Rate each statement from 1 (disagree) to 5 (agree).

NAME (OPTIONAL)		PERSONA PLAYED	
DATE		OFFICE IN YOUR COUNCIL	

	1	2	3	4	5
1. The steps were easy to follow.	○	○	○	○	○
2. The screens used words I understand.	○	○	○	○	○
3. I could find each page from the sidebar or the phone tabs.	○	○	○	○	○
4. The expected results matched what I saw.	○	○	○	○	○
5. The approval steps match how our council handles money today.	○	○	○	○	○
6. I would use this platform for my office or my volunteering.	○	○	○	○	○

Which step was hardest, and why?

What did you expect to see that was missing?

Which words or labels were confusing?

What would stop your council from using the platform next month?

Anything else the team should know?
