Group Cross-Desk Script

The 40-minute Synchronized Group Workflow: live records passed from desk to desk

St. Mary's Cathedral Council 15295

How to use this packet: work through each step in order. Tick the box when the step is done and the result matches. Write anything surprising in the Notes field under the step. The fields can be filled in on screen in any PDF reader, or on paper.

Pilot logins (the password is on the facilitator's board)

Persona	Login	Seat

Member Beta	member_beta@stmarys.org	Member (Member Beta)

The 105-minute session: the gavel strikes at 6:15 PM

Clock	Minutes	Phase
6:15 - 6:20 PM	5	Introduction: the gavel strikes at 6:15 PM. The facilitator welcomes the room, hands out the scripts, and every persona signs in to the web portal on his laptop
6:20 - 6:40 PM	20	Individual Desk Coordinate Phase (mobile and web): the officers work their scripts (INDIVIDUAL_PILOT_SCRIPTS.pdf) on the laptops; Member Alpha and Member Beta work theirs on the phone app; no step waits for another persona

6:40 - 7:20 PM	40	Synchronized Group Workflow (web only): the six live flows of GROUP_CROSS_DESK_SCRIPT.pdf, played together on the laptops and the wireless display, ending with the parish settlement
7:20 - 7:40 PM	20	Open Exploration: each persona opens the other folders of his own desk and tries the work his office would do next month; the facilitator answers questions
7:40 - 8:00 PM	20	Listening Session: each persona fills in the Attendee Feedback Questionnaire, then the facilitator hears every persona in turn and writes down what he says
	105	**Total**

The pilot data: the Parish Parking Event (October 10-31, 2026, six Lot attendants shifts, $400.00 collected the first weekend), expense reports 14-23 waiting on the officers' desks, charity requests on the vetting board, three prayer intentions and two volunteer time entries held for review. Reloading the web portal restores it in the browser; on a phone, clear the app's data. The individual and group phases run on the same load: the group flows create their own records.

Compiled 2026-10-20.

Before you start

Seat the seven personas around the table, each signed in to the web portal on his own laptop. Every record in these flows is created during the session: the members file new expense reports, report new hours, take new charity request and settle the parish's share of the parking fundraiser, and the room watches each one arrive on the officer's desk on the wireless display. The facilitator reads each flow's context aloud; the persona named in bold at each step takes the keyboard. Every web step starts from the Active Desks row; a module is a folder on its desk's left filing spine that opens on the Desk Blotter.

Facilitator preparation (before the attendees arrive)

1. Reload the web portal on every laptop so the pilot data is fresh, and clear the phone app's data on Member Alpha's and Member Beta's phones. Each browser and phone keeps its own copy of the pilot data, so every device starts from the same seeded records.
2. Mirror the FS User laptop to the wireless display; switch the mirror to the GK laptop for Flow 5's vetting board.
3. As GK User on the display laptop, open Governance > Recurring Meetings and click Populate the year for 2026-2027 once. Flow 5 needs a Monthly meeting at least 10 days away to place the request on.
4. Hold the session while the Parish Parking Event runs (October 10-31, 2026) so the members can collect for it on their phones. Be seated before 6:15 PM: the gavel opens the session on time.
5. Have a small bank statement CSV ready for the Treasurer's Bank Statement Match-Window step.
6. Hand Member Beta the large-print pages of the individual scripts.

Timetable of the 40-minute group phase

Minutes	Part
9	Flow 1 - A new expense report, desk to desk
6	Flow 2 - Volunteer time held for review
6	Flow 3 - A report sent back and fixed
4	Flow 4 - A charity grant is proposed
9	Flow 5 - Live vetting: the assignment handshake and requests for information
6	Flow 6 - Parish Fundraiser Revenue Settlement
40	**Total**

Flow 1 - A new expense report, desk to desk · 9 minutes

Day in the Life of the council at the table

Member Alpha bought supplies for the Parish Parking Event this morning and files a brand-new report with its receipt while the room watches the officers' desks on the wireless display. The council pays nothing until three different officers have signed, and then the Treasurer writes the check.

Device: Every persona's own laptop; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Active Desks > Member Desk > Open my expenses**

Click New expense report. Under Spent for choose Events and the Parish Parking Event. Add a line dated today: Ace Hardware, $18.40, "Zip ties and sign stakes". Click + Add receipt, attach a photo and click Submit for approval.

Expected result: The report is Submitted. Write its number in the Notes field.

NOTES

☐ **Step 2. FS User** · Go to: **Active Desks > Financial Secretary Desk > Payment Requests (on the wireless display)**

Click Verify & Sign Expense on Member Alpha's new report.

Expected result: The row reads "Payment request issued" and moves to the Treasurer Desk.

NOTES

☐ **Step 3. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Ledger Line Coder**

Choose Miscellaneous Others and Event Operational Costs, then click Categorize & Lock Expense.

Expected result: The row reads "Coded to the ledger" and moves to the Grand Knight Desk.

NOTES

☐ **Step 4. GK User** · Go to: **Active Desks > Grand Knight Desk > Approved Expenses**

Click Final Release for Payment on the report.

Expected result: The report is Approved and released to the Treasurer.

NOTES

☐ **Step 5. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Expense Report (ER) Settlement**

Pay the report with check number 1401 (Record Payment Made by Check).

Expected result: The report is Reimbursed; Member Alpha sees the check number on his Member Desk.

NOTES

Flow 2 - Volunteer time held for review · 6 minutes

Day in the Life of the council at the table

Service hours feed the council's Supreme reports, so the platform holds an entry that crosses the council's limits (more than 1.0 hour past a scheduled shift) until the Grand Knight or the Deputy Grand Knight decides it.

Device: Every persona's own laptop; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Member Actions Hub > Hour ledger tab**

Under Report time on a shift choose Lot attendants - Sunday (October 11) in Shift I worked. Set Hours to 7 and click Save shift hours.

Expected result: A notice says the 7 hours were sent to leadership review before they count toward his totals.

NOTES

☐ **Step 2. DGK User** · Go to: **Active Desks > Grand Knight Desk > Flagged Hours Review (on the wireless display)**

Open the Flagged Hours Review drawer and click Reject & Remove on Member Alpha's new 7-hour entry.

Expected result: The entry leaves the desk; its 7 hours never count.

NOTES

☐ **Step 3. Member Alpha** · Go to: **Member Actions Hub > Hour ledger tab**

Report the Sunday shift again with 4 hours and click Save shift hours.

Expected result: A notice reads "Shift hours saved." The hours count directly.

NOTES

Flow 3 - A report sent back and fixed · 6 minutes

Day in the Life of the council at the table

Member Beta bought donation receipt books but lost the register tape. The Financial Secretary may not sign a report he cannot check, so he sends it back with a reason; Beta fixes it and submits it again.

Device: Every persona's own laptop; the officer's laptop on the wireless display

☐ **Step 1. Member Beta** · Go to: **Active Desks > Member Desk > Open my expenses**

Click New expense report, link it to the Parish Parking Event and add a line dated today: Dollar Tree, $9.99, "Donation receipt books". Submit it without a receipt photo.

Expected result: The report is Submitted. Write its number in the Notes field.

NOTES

☐ **Step 2. FS User** · Go to: **Active Desks > Financial Secretary Desk > Open the auditing queue (on the wireless display)**

Find Beta's new report. Type "Please add the receipt photo" in Reason for returning, then click Return to member.

Expected result: The report goes back to Beta as a Draft with the reason.

NOTES

☐ **Step 3. Member Beta** · Go to: **Active Desks > Member Desk > Open my expenses**

Open the returned report, read the reason, click + Add receipt, attach a photo and submit it again.

Expected result: The report is Submitted again and returns to the Financial Secretary Desk.

NOTES

☐ **Step 4. FS User** · Go to: **Active Desks > Financial Secretary Desk > Payment Requests**

Click Verify & Sign Expense on Beta's report.

Expected result: The row reads "Payment request issued" and moves to the Treasurer Desk.

NOTES

Flow 4 - A charity grant is proposed · 4 minutes

Day in the Life of the council at the table

A food bank near the cathedral asked Member Alpha for help. He becomes its Knight Shepherd and files the request, which goes straight into the pooled vetting queue.

Device: Every persona's own laptop; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Active Desks > Member Desk > Propose or follow a charity grant**

Fill in the form: Organization or ministry name "Cathedral Neighbors Food Bank", a one-line Mission, a Mailing address, Relationship to the council "Local Nonprofit", Mission area "Community", Amount requested $350, Specific use "Groceries for 30 families". Click Save and submit for vetting.

Expected result: The request appears in your requests at the Vetting step.

NOTES

Flow 5 - Live vetting: the assignment handshake and requests for information · 9 minutes

Day in the Life of the council at the table

The Financial Secretary vets the new request from the Grand Knight Desk's vetting board on the wireless display; he may, because he is not its Shepherd. Claiming the request is the assignment handshake: the board and the Shepherd's tracker both show who is vetting it. Questions and answers then pass both ways in a private thread until the vetter is satisfied.

Device: Every persona's own laptop; the officer's laptop on the wireless display

☐ **Step 1. FS User at the GK laptop** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board (on the wireless display)**

Open the drawer, find Cathedral Neighbors Food Bank in the Triage queue and click Claim & Audit.

Expected result: The request is Claimed by Trustee with FS User as its vetter.

NOTES

☐ **Step 2. Member Alpha** · Go to: **Active Desks > Member Desk > Propose or follow a charity grant**

Find Cathedral Neighbors Food Bank in your requests.

Expected result: It is at the Vetting step. The vetter's questions reach you here, under Request More Info.

NOTES

☐ **Step 3. FS User** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

Open the vetting drawer, choose Request More Info and ask: "How many of the 30 families are in our parish?"

Expected result: A private thread opens between the vetter and the Knight Shepherd.

NOTES

☐ **Step 4. Member Alpha** · Go to: **Active Desks > Member Desk > Propose or follow a charity grant**

Open the request's thread, type "About 20 of them - the rest live next to the cathedral" and click Send reply.

Expected result: The vetter sees the answer in the vetting drawer.

NOTES

☐ **Step 5. FS User and Member Alpha** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

In the same thread type a follow-up in Your reply: "Can the food bank send a receipt for the groceries?" The Shepherd answers it from his own screen.

Expected result: The second question and its answer appear in the thread, in order.

NOTES

☐ **Step 6. FS User** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

In the vetting drawer choose Food for Families (e.g., Lift Up) as the Target budget line and click Advance to vote. Then click Place on next agenda.

Expected result: A notice reads "Request #... is a Proposed Motion for" the soonest Monthly meeting at least 10 days away, with its date.

NOTES

After the session

The council debates and votes on the request at that Monthly meeting. If it passes, the Grand Knight or Financial Secretary endorses it in the Charitable Donation Workflow drawer, and the Treasurer pays it from the Charity Check Issuance Console; neither the Shepherd nor the endorser writes the check.

Device: Not played in this session

Flow 6 - Parish Fundraiser Revenue Settlement · 6 minutes

Day in the Life of the council at the table

The last flow settles the parish's share of the parking fundraiser, live. The Treasurer works out the share on his Parish Fundraiser Revenue Split Console and issues a Church Disbursement Request; it lands at once on the Financial Secretary Desk, where the Financial Secretary writes the check to the parish against the council's designated general ledger line.

Device: Every persona's own laptop; the officer's laptop on the wireless display

- [ ] **Step 1. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console (on the wireless display)**

  Click Switch it on in Council Wide Settings. On the Parish Fundraiser Split card switch the split on, type 50 in Parish share (%), choose Parish Fundraiser Share and click Save parish split. Go back to the Treasurer Desk.

  Expected result: The console names Parish Fundraiser Share at 50%.

  NOTES

- [ ] **Step 2. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console**

  Read the Parish Parking Event row aloud and check the arithmetic with the room: Collections x 50% = Parish share.

  Expected result: Collections $400.00, Parish share $200.00, Already requested $0.00, To request $200.00.

  NOTES

- [ ] **Step 3. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console**

  Click [■ Issue Church Disbursement Request] on the Parish Parking Event row.

  Expected result: The notice reads "Church Disbursement Request #1 for $200.00 is on the Financial Secretary Desk." The request is listed as Pending.

  NOTES

☐ **Step 4. FS User** · Go to: **Active Desks > Financial Secretary Desk > ■ Church Disbursement Requests**

Review the request: the event, $200.00, Parish Fundraiser Share and Treasurer User as the issuer. Type 1404 in Check number and click Record Payment Made.

Expected result: A notice reads "Check 1404 for $200.00 is recorded against Parish Fundraiser Share." The request leaves the card.

NOTES

☐ **Step 5. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Parish Fundraiser Revenue Split Console**

Read the request list on the console.

Expected result: Request #1 reads "Paid · check 1404". The ledger now holds the payment: a debit to Parish Fundraiser Share and a credit to Operating Checking.

NOTES

Appendix - Attendee Feedback Questionnaire

Fill in this form on screen or on paper and hand it to the facilitator. Rate each statement from 1 (disagree) to 5 (agree).

NAME (OPTIONAL)		PERSONA PLAYED	
DATE		OFFICE IN YOUR COUNCIL	

	1	2	3	4	5
1. The steps were easy to follow.	○	○	○	○	○
2. The screens used words I understand.	○	○	○	○	○
3. I found every module in a folder on my Active Desk, on the Member Actions Hub or on the phone tabs.	○	○	○	○	○
4. The expected results matched what I saw.	○	○	○	○	○
5. The approval steps match how our council handles money today.	○	○	○	○	○
6. I would use this platform for my office or my volunteering.	○	○	○	○	○

Which step was hardest, and why?

What did you expect to see that was missing?

Which words or labels were confusing?

What would stop your council from using the platform next month?

Anything else the team should know?
