Financial Workflow

Three signatures before any check | every gift on the record

1 File the expense report

Any member

Finances > My Expense Reports | phone Expenses

New expense report: link the event or meeting, add each receipt line, submit. Status: Submitted.

2 Written order

Financial Secretary

Finances > FS Expense Audit

Check the receipts and click Verify & Sign Expense. The first signature.

3 Ledger coding

Treasurer

Finances > Treasurer Ledger Audit Desk

Assign the budget line and the general ledger account, then Categorize & Lock Expense.

4 Final release

Grand Knight

Finances > GK Expense Authorize

Final Release for Payment. The report is Approved and released to the Treasurer.

5 Pay by check

Financial Secretary or Treasurer

Finances > Bulk Check Disbursements

Type the check number and Issue Disbursement Check. Status: Reimbursed.

Guards

- Nobody signs, codes or releases his own report.
- Collusion Guard: the Treasurer cannot code a report he ordered; the Grand Knight cannot release one he signed as FS or Treasurer.
- Council Admins may open the three desks but do not sign.

Sent back?

- Leadership Auditing Queue: Return to member with a reason (required).
- The report goes back to Draft and its signatures are cleared; the member fixes it and submits again.

Money coming in

- Phone Donate tab: Start accepting for an event, then Record donation (cash, card or check).
- A check needs its CHECK NUMBER.
- Officers see every gift in Finances > Donations History.
- FS and Treasurer post deposits and transfers in the General Ledger.

Charity grants going out

- After the council votes a grant, it waits in Finances > Charitable Disbursements Ledger.
- FS or Treasurer: Pay approved request, one check for the approved amount.
- The grant's budget line is charged; the Shepherd cannot pay it.
