Group Cross-Desk Script

The 30-minute Synchronized Group Workflow: live records passed from desk to desk

St. Mary's Cathedral Council 15295

How to use this packet: work through each step in order. Tick the box when the step is done and the result matches. Write anything surprising in the Notes field under the step. The fields can be filled in on screen in any PDF reader, or on paper.

Pilot logins (the password is on the facilitator's board)

Member Beta	member_beta@stmarys.org	Member (Member Beta)

The 60-minute session

Clock	Minutes	Phase
0:00 - 0:30	30	Individual Desk Coordinate Phase: every persona signs in and works his own script (INDIVIDUAL_PILOT_SCRIPTS.pdf) through his Active Desk folders
0:30 - 1:00	30	Synchronized Group Workflow: the four live flows of GROUP_CROSS_DESK_SCRIPT.pdf, played together on the wireless display
	60	**Total**

The pilot data: the Parish Parking Event (October 10-31, 2026, six Lot attendants shifts), expense reports 14-23 waiting on the officers' desks, charity requests on the vetting board, three prayer intentions and two volunteer time entries held for review.

Reloading the web portal restores it in the browser; on a phone, clear the app's data or reinstall it. Both phases run on the same load: the group flows create their own records.

Compiled 2026-10-12.

Before you start

Seat the seven personas around the table, each signed in on his own device. Every record in these flows is created during the session: the members file new expense reports, report new hours, take new checks and file a new charity request, and the room watches each one arrive on the officer's desk on the wireless display. The facilitator reads each flow's context aloud; the persona named in bold at each step takes the keyboard. Every web step starts from the Active Desks row; a module is a folder at the top of its desk.

Facilitator preparation (before the attendees arrive)

1. Reload the web portal on every laptop so the pilot data is fresh, and clear the phone app's data on each phone.
2. Mirror the FS User laptop to the wireless display; switch the mirror to the GK laptop for Flow 4's vetting board and floor vote.
3. As GK User, open Governance > Annual Cadence Manager and click Populate the year for 2026-2027 once. Flow 4 needs a Monthly meeting at least 10 days away to place the request on.
4. Hold the session while the Parish Parking Event is at the gate (October 10-31, 2026) so the members can take donations.
5. Have a small bank statement CSV ready for the Treasurer's Bank Statement Match-Window step.
6. Hand Member Beta the large-print pages of the individual scripts.

Timetable of the 30-minute group phase

Minutes	Part
7	Flow 1 - A new expense report, desk to desk
4	Flow 2 - The parking gate, set up by hand
4	Flow 3 - Volunteer time held for review
15	Flow 4 - A charity grant: submission, vetting, floor debate and payment
30	**Total**

Flow 1 - A new expense report, desk to desk · 7 minutes

Day in the Life of the council at the table

Member Alpha bought supplies for the Parish Parking Event this morning and files a brand-new report with its receipt while the room watches the officers' desks on the wireless display. The council pays nothing until three different officers have signed, and then the Treasurer writes the check.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Active Desks > Member Desk > Open my expenses**

Click New expense report. Under Spent for choose Events and the Parish Parking Event. Add a line dated today: Ace Hardware, $18.40, "Zip ties and sign stakes". Click + Add receipt, attach a photo and click Submit for approval.

Expected result: The report is Submitted. Write its number in the Notes field.

NOTES

☐ **Step 2. FS User** · Go to: **Active Desks > Financial Secretary Desk > Open the Financial Secretary Audit Desk (on the wireless display)**

Click Verify & Sign Expense on Member Alpha's new report.

Expected result: The row reads "Payment request issued" and moves to the Treasurer Desk.

NOTES

☐ **Step 3. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Open the Treasurer Ledger Audit Desk**

Choose Miscellaneous Others and Event Operational Costs, then click Categorize & Lock Expense.

Expected result: The row reads "Coded to the ledger" and moves to the Grand Knight Desk.

NOTES

☐ **Step 4. GK User** · Go to: **Active Desks > Grand Knight Desk > Open the Grand Knight Authorization Desk**

Click Final Release for Payment on the report.

Expected result: The report is Approved and released to the Treasurer.

NOTES

☐ **Step 5. Treasurer User** · Go to: **Active Desks > Treasurer Desk > Open the Payments Made desk**

Pay the report with check number 1401 (Record Payment Made by Check).

Expected result: The report is Reimbursed; Member Alpha sees the check number on his Member Desk.

NOTES

Flow 2 - The parking gate, set up by hand · 4 minutes

Day in the Life of the council at the table

Both members work the Parish Parking Event gate. The phone chooses nothing for them: each opens the Start accepting card, picks the event and the type, and types every amount. The officers see each gift at once.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha and Member Beta** · Go to: **Phone > Donate tab > Start accepting for an event**

Choose the Parish Parking Event and Parking yourself, type 10.00 as the STANDARD RATE and tap Start. Tap the Venmo tile, type 10.00 in AMOUNT and tap Record donation.

Expected result: The $10.00 Venmo gift is recorded. The AMOUNT box started empty.

NOTES

☐ **Step 2. Member Alpha** · Go to: **Phone > Donate tab**

Tap the Cash tile, type the cash box total 180.00 and the description "Cash box drop", and tap Record donation. Tap Stop accepting - the event is over.

Expected result: One consolidated cash drop is recorded and the phone leaves the session.

NOTES

Flow 3 - Volunteer time held for review · 4 minutes

Day in the Life of the council at the table

Service hours feed the council's Supreme reports, so the platform holds an entry that crosses the council's limits (more than 1.0 hour past a scheduled shift) until the Grand Knight or the Deputy Grand Knight decides it.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Phone > Report tab**

Under Which shift? choose Lot attendants - Sunday (October 11). Under How long? enter 7 hours. Tap Save time.

Expected result: The phone says the hours were sent to leadership review before they count.

NOTES

☐ **Step 2. DGK User** · Go to: **Active Desks > Oversight Desk (on the wireless display)**

Open the Flagged Hours Review Desk and click Reject & Remove on Member Alpha's new 7-hour entry.

Expected result: The entry leaves the desk; its 7 hours never count.

NOTES

☐ **Step 3. Member Alpha** · Go to: **Phone > Report tab**

Report the Sunday shift again with 4 hours and tap Save time.

Expected result: The hours save directly.

NOTES

Flow 4 - A charity grant: submission, vetting, floor debate and payment · 15 minutes

Day in the Life of the council at the table

A food bank near the cathedral asked Member Alpha for help. He becomes its Knight Shepherd and files the request. The Financial Secretary vets it from the Grand Knight Desk's vetting board on the wireless display; he may, because he is not its Shepherd. The 10-day rule puts it on the soonest Monthly meeting at least 10 days away. For the pilot the room then plays that meeting's floor action: the Grand Knight opens the meeting early, the Shepherd presents, the room debates and votes by hand, and the Financial Secretary writes the check.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Active Desks > Member Desk > Propose or follow a charity grant**

Fill in the form: Organization or ministry name "Cathedral Neighbors Food Bank", a one-line Mission, a Mailing address, Relationship to the council "Local Nonprofit", Mission area "Community", Amount requested $350, Specific use "Groceries for 30 families". Click Save and submit for vetting.

Expected result: The request appears in your requests at the Vetting step.

NOTES

☐ **Step 2. FS User at the GK laptop** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board (on the wireless display)**

Open the folder, find the new request in the Triage queue and click Claim & Audit.

Expected result: The request is Claimed by Trustee with FS User as its vetter.

NOTES

☐ **Step 3. FS User** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

Open the vetting drawer, choose Request More Info and ask: "How many of the 30 families are in our parish?"

Expected result: A private thread opens between the vetter and the Knight Shepherd.

NOTES

☐ **Step 4. Member Alpha** · Go to: **Active Desks > Member Desk > Propose or follow a charity grant**

Open the request's thread, type an answer and click Send reply.

Expected result: The vetter sees the answer in the vetting drawer.

NOTES

☐ **Step 5. FS User** · Go to: **Active Desks > Grand Knight Desk > Charitable Grant Requests Vetting Board**

In the vetting drawer choose Food for Families (e.g., Lift Up) as the Target budget line and click Advance to vote. Then click Place on next agenda.

Expected result: A notice reads "Request #... is a Proposed Motion for" the soonest Monthly meeting at least 10 days away, with its date.

NOTES

☐ **Step 6. GK User** · Go to: **Governance > Live Meeting Console (on the wireless display)**

In Meeting choose that Monthly meeting and click Start live console. Find the request's motion under New Business.

Expected result: The console is live; the motion line names Member Alpha as the floor presenter.

NOTES

☐ **Step 7. Member Alpha and the room** · Go to: **Governance > Live Meeting Console**

Floor debate: Member Alpha presents the request in two minutes; the room asks questions for three. The Grand Knight keeps the 5-minute limit.

Expected result: Every persona has heard the request before the vote.

NOTES

☐ **Step 8. GK User** · Go to: **Governance > Live Meeting Console**

Count a show of hands. Click Record Hand Ballot Tally on the motion, type the Approved and Denied counts and click Save tally & decide the motion. Then click Close the console.

Expected result: The motion passes when Approved hands outnumber Denied. The request is Approved for $350.

NOTES

☐ **Step 9. FS User** · Go to: **Active Desks > Financial Secretary Desk > Charity Check Issuance Console**

Open the folder. Under Approved requests awaiting payment click Pay approved request on Cathedral Neighbors Food Bank. Type check number 1501, choose Food Security as the Charity type and click Issue check for $350.00.

Expected result: The check is listed against the charity and the Food for Families line is charged.

NOTES

☐ **Step 10. Member Alpha** · Go to: **Active Desks > Member Desk > My Charity Requests**

Read the request's tracker.

Expected result: All three steps - Vetting, Presentation, Payment Made - are done. The Shepherd never wrote the check himself.

NOTES

Appendix - Attendee Feedback Questionnaire

Fill in this form on screen or on paper and hand it to the facilitator. Rate each statement from 1 (disagree) to 5 (agree).

NAME (OPTIONAL)		PERSONA PLAYED	
DATE		OFFICE IN YOUR COUNCIL	

	1	2	3	4	5
1. The steps were easy to follow.	○	○	○	○	○
2. The screens used words I understand.	○	○	○	○	○
3. I found every module in a folder on my Active Desk or on the phone tabs.	○	○	○	○	○
4. The expected results matched what I saw.	○	○	○	○	○
5. The approval steps match how our council handles money today.	○	○	○	○	○
6. I would use this platform for my office or my volunteering.	○	○	○	○	○

Which step was hardest, and why?

What did you expect to see that was missing?

Which words or labels were confusing?

What would stop your council from using the platform next month?

Anything else the team should know?
