Group Cross-Desk Script

Live records passed from desk to desk, played together

St. Mary's Cathedral Council 15295

How to use this packet: work through each step in order. Tick the box when the step is done and the result matches. Write anything surprising in the Notes field under the step. The fields can be filled in on screen in any PDF reader, or on paper.

Pilot logins (the password is on the facilitator's board)

Member Alpha	member_alpha@stmarys.org	Member (Member Alpha)
Member Beta	member_beta@stmarys.org	Member (Member Beta)

The pilot data: the Parish Parking Event (October 10-31, 2026, six Lot attendants shifts), expense reports 14-19 waiting on the officers' desks, and two volunteer time entries held for review. Reloading the web portal restores it in the browser; on a phone, clear the app's data or reinstall it. Run the individual scripts and the group script on separate loads: both use the same reports.

Compiled 2026-10-12.

Before you start

Seat the seven personas around the table, each signed in on his own device. Every record in these flows is created during the session: the members file new expense reports, report new hours, take new checks and file a new charity request, and the room watches each one arrive on the officer's desk on the wireless display. The facilitator reads each flow's context aloud; the persona named in bold at each step takes the keyboard.

Facilitator preparation (before the attendees arrive)

1. Reload the web portal on every laptop so the pilot data is fresh, and clear the phone app's data on each phone.
2. Mirror the FS User laptop to the wireless display; switch the mirror to the DGK laptop for Flow 3.
3. As GK User, open Governance > Annual Cadence Manager and click Populate the year for 2026-2027 once. Flow 5 needs a Monthly meeting at least 10 days away to place the request on.
4. Hold the session while the Parish Parking Event is at the gate (October 10-31, 2026) so Flow 4 can take donations.

Timetable

Minutes	Part
5	Welcome; every persona signs in on his own device
25	Flow 1 - Two new expense reports, live on the FS desk
10	Flow 2 - The approval guards
15	Flow 3 - Volunteer time held for review
10	Flow 4 - Check donations at the parking gate
15	Flow 5 - A charity grant request, from the member to the council floor
5	Attendee Feedback Questionnaire
85	**Total**

Flow 1 - Two new expense reports, live on the FS desk · 25 minutes

Day in the Life of the council at the table

Both member personas bought supplies for the Parish Parking Event this morning. Each files a brand-new report with its receipt while the room watches the Financial Secretary's laptop on the wireless display: the rows appear on his desk as soon as they are submitted. Nothing in this flow uses a report from the seed data. The council pays nothing until three different officers have signed, and then the Treasurer writes the check.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Finances > My Expense Reports**

Click New expense report. Under Spent for choose Events and the Parish Parking Event. Add a line dated today: Ace Hardware, $18.40, "Zip ties and sign stakes". Click + Add receipt and attach a photo of any receipt. Click Submit for approval.

Expected result: The report is Submitted. Write its report number in the Notes field; the room uses it for the rest of the flow.

NOTES

☐ **Step 2. Member Beta** · Go to: **Finances > My Expense Reports**

File a second new report the same way: Dollar Tree, $9.99, "Donation receipt books", but do not attach a receipt. Give a reason when the form asks why there is no receipt, then Submit for approval.

Expected result: The report is Submitted. Write its report number in the Notes field.

NOTES

☐ **Step 3. FS User** · Go to: **Finances > FS Expense Audit (on the wireless display)**

Reload the Financial Secretary Audit Desk.

Expected result: Both new reports are on the desk with Member Alpha's and Member Beta's names, amounts and vendors, beside any older ones.

NOTES

☐ **Step 4. FS User** · Go to: **Finances > FS Expense Audit**

Click Verify & Sign Expense on Member Alpha's new report.

Expected result: The row reads "Written order issued" and leaves the desk.

NOTES

☐ **Step 5. FS User** · Go to: **Finances > Leadership Auditing Queue**

Find Member Beta's new report. Type "Please add the receipt photo" in Reason for returning (required) and click Return to member.

Expected result: The report goes back to Member Beta as a Draft.

NOTES

☐ **Step 6. Member Beta** · Go to: **Finances > My Expense Reports**

Open the returned report, read the reason, click + Add receipt, attach a photo and Submit for approval again.

Expected result: The report is Submitted again and reappears on the FS desk on the display.

NOTES

☐ **Step 7. FS User** · Go to: **Finances > FS Expense Audit**

Click Verify & Sign Expense on Member Beta's report.

Expected result: Both new reports have left the FS desk.

NOTES

☐ **Step 8. Treasurer User** · Go to: **Finances > Treasurer Ledger Audit Desk**

On each new report choose Miscellaneous Others in Assign Ledger Budget Line Item and Event Operational Costs in Assign General Ledger Account, then click Categorize & Lock Expense.

Expected result: Both rows read "Coded to the ledger" and move to GK Expense Authorize.

NOTES

☐ **Step 9. GK User** · Go to: **Finances > GK Expense Authorize**

Click Final Release for Payment on both new reports.

Expected result: Both reports are Approved and released to the Treasurer.

NOTES

☐ **Step 10. Treasurer User** · Go to: **Finances > Bulk Check Disbursements**

Pay Member Alpha's report with check number 1401, then Member Beta's with check 1402 (Issue Disbursement Check).

Expected result: Both reports are Reimbursed.

NOTES

☐ **Step 11. Member Alpha and Member Beta** · Go to: **Finances > My Expense Reports**

Reload the list.

Expected result: Each member sees his report Reimbursed with its check number.

NOTES

Flow 2 - The approval guards · 10 minutes

Day in the Life of the council at the table

The platform enforces the council's accounting controls. Nobody signs his own report, and the Grand Knight cannot give the final release on a report he already signed as Financial Secretary or Treasurer (the Collusion Guard). The Financial Secretary tries the most common shortcut on a report he files himself.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. FS User** · Go to: **Finances > My Expense Reports**

File a new report of your own (any vendor, $5.00, with a receipt) and Submit for approval.

Expected result: The report is Submitted.

NOTES

☐ **Step 2. FS User** · Go to: **Finances > FS Expense Audit**

Find your own report.

Expected result: The row reads "Your own report"; Verify & Sign Expense is not offered. Another officer must sign it.

NOTES

☐ **Step 3. FS User** · Go to: **Finances > Leadership Auditing Queue**

Return your report with the reason "Pilot test".

Expected result: The report goes back to Draft and no signature was recorded.

NOTES

Flow 3 - Volunteer time held for review · 15 minutes

Day in the Life of the council at the table

Service hours feed the council's Supreme reports, so the platform holds an entry that crosses the council's limits (more than 5.0 hours on one activity in a day, or more than 1.0 hour past a scheduled shift) until the Grand Knight, the Deputy Grand Knight or an Admin decides it. Both entries in this flow are reported live.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Beta** · Go to: **Phone > Report tab**

Under Which shift? choose Lot attendants - Sunday (October 11). Under How long? enter 4 hours. Tap Save time.

Expected result: The hours save directly: 4 hours is inside the shift and its 1.0-hour allowance.

NOTES

☐ **Step 2. Member Alpha** · Go to: **Phone > Report tab**

Under Which shift? choose Lot attendants - Sunday (October 11). Under How long? enter 7 hours. Tap Save time.

Expected result: The phone says the hours were sent to leadership review before they count.

NOTES

☐ **Step 3. DGK User** · Go to: **Performance > Executive Dashboard (on the wireless display)**

Open the Volunteer Time Quarantine Desk.

Expected result: Member Alpha's new 7-hour entry is on the desk with its reason: more than 1.0 hour over the 4-hour shift.

NOTES

☐ **Step 4. DGK User** · Go to: **Performance > Executive Dashboard**

Click Reject & Remove on Member Alpha's new entry.

Expected result: The entry leaves the desk; its 7 hours never count.

NOTES

☐ **Step 5. Member Alpha** · Go to: **Phone > Report tab**

Report the Sunday shift again with 4 hours and tap Save time.

Expected result: The hours save directly.

NOTES

Flow 4 - Check donations at the parking gate · 10 minutes

Day in the Life of the council at the table

The Parish Parking Event raises money at the cathedral lot during the weekend Masses. Both members take checks at the gate on their phones; the officers see each one at once in Donations History.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Phone > Donate tab**

Tap Start accepting for an event, choose the Parish Parking Event and tap Start. Choose Check, type 1045 in CHECK NUMBER (REQUIRED), enter $20.00 and tap Record donation.

Expected result: The check appears under Recorded for this event.

NOTES

☐ **Step 2. Member Beta** · Go to: **Phone > Donate tab**

Record a $25.00 check, number 2210, on the same event. Then try one more check without a check number.

Expected result: The first check is recorded; the phone refuses the one without a check number.

NOTES

☐ **Step 3. FS User** · Go to: **Finances > Donations History (on the wireless display)**

Read the Parish Parking Event donations.

Expected result: Both checks are listed with their check numbers and the member who recorded each.

NOTES

☐ **Step 4. Member Alpha** · Go to: **Phone > Donate tab**

Tap Stop accepting - the event is over.

Expected result: The phone leaves the intake session.

NOTES

Flow 5 - A charity grant request, from the member to the council floor · 15 minutes

Day in the Life of the council at the table

A food bank near the cathedral asked Member Alpha for help. He becomes its Knight Shepherd: he files the request, answers the vetting officer's question and follows it on his 3-step tracking notice (Vetting, Presentation, Disbursement). The Financial Secretary vets it on the wireless display; he may, because he is not its Shepherd. The 10-day rule then puts it on the agenda of the soonest Monthly meeting at least 10 days away.

Device: Every persona's own device; the officer's laptop on the wireless display

☐ **Step 1. Member Alpha** · Go to: **Finances > Propose Charity Grant**

Fill in the form: Organization or ministry name "Cathedral Neighbors Food Bank", a one-line Mission, a Mailing address, Relationship to the council "Local Nonprofit", Mission area "Community", Amount requested $350, Specific use "Groceries for 30 families". Click Save and submit for vetting.

Expected result: The request appears in your requests at the Vetting step.

NOTES

☐ **Step 2. FS User** · Go to: **Finances > Charity Vetting Queue (on the wireless display)**

Find the new request on the Pooled Vetting Desk and click Claim & Audit.

Expected result: The request is Claimed by Trustee with FS User as its vetter.

NOTES

☐ **Step 3. FS User** · Go to: **Finances > Charity Vetting Queue**

Open the vetting drawer, choose Request More Info and ask: "How many of the 30 families are in our parish?"

Expected result: A private thread opens between you and the Knight Shepherd.

NOTES

☐ **Step 4. Member Alpha** · Go to: **Finances > Propose Charity Grant**

Open the request's thread, type an answer and click Send reply.

Expected result: The FS sees the answer in the vetting drawer.

NOTES

☐ **Step 5. FS User** · Go to: **Finances > Charity Vetting Queue**

In the vetting drawer choose Food for Families (e.g., Lift Up) as the Target budget line and click Advance to vote.

Expected result: The request shows Advanced to vote. Member Alpha's request moves to the Presentation step.

NOTES

☐ **Step 6. FS User** · Go to: **Finances > Charity Vetting Queue**

Click Place on next agenda on the request.

Expected result: A notice reads "Request #... is a Proposed Motion for" the soonest Monthly meeting at least 10 days away, with its date.

NOTES

After the session: paying the approved grant

After this session: the council votes the motion at that meeting. When it passes, the request appears on Finances > Charitable Disbursements Ledger under Approved requests awaiting payment. The Financial Secretary or the Treasurer clicks Pay approved request, types the check number and issues the check for the approved amount. The request's tracker then shows the Disbursement done, the check is listed against the charity, and the target budget line is charged. The Shepherd cannot write that check himself.

Device: Not played in this session

Appendix - Attendee Feedback Questionnaire

Fill in this form on screen or on paper and hand it to the facilitator. Rate each statement from 1 (disagree) to 5 (agree).

NAME (OPTIONAL)		PERSONA PLAYED	
DATE		OFFICE IN YOUR COUNCIL	

	1	2	3	4	5
1. The steps were easy to follow.	○	○	○	○	○
2. The screens used words I understand.	○	○	○	○	○
3. I could find each page from the sidebar or the phone tabs.	○	○	○	○	○
4. The expected results matched what I saw.	○	○	○	○	○
5. The approval steps match how our council handles money today.	○	○	○	○	○
6. I would use this platform for my office or my volunteering.	○	○	○	○	○

Which step was hardest, and why?

What did you expect to see that was missing?

Which words or labels were confusing?

What would stop your council from using the platform next month?

Anything else the team should know?
